**Dreumex One2clean dispensing system**  
Total concept for clean and healthy hands

## About Dreumex One2clean

# Total concept for clean and healthy hands

Your hands repair, assemble and create. They have to deal with mechanical damage and are exposed daily to harsh chemicals. This can lead to dry skin, damage, pain and eventually skin diseases. It is necessary to protect, clean and care for your hands. The Dreumex One2clean dispensing system makes this easy.

- Total concept for protect, clean and care
- Unique touch-free dispenser for optimum hygiene
- Automatic dosing guarantees efficient use: 85% cost savings
- Small and large dosage for light and heavy duty soiling
- Easy to install and maintain

### Optimum hygiene with touch-free dispenser

This touch-free dispenser is unique in the world of the dirtiest hands. The Dreumex One2clean dispenser is fully automatic and activated by an infrared sensor. You don't have to touch anything. This ensures a hygienic working environment. A dirty pump, dirty dispenser and cross-contamination are concerns of the past with the Dreumex One2clean automatic dispenser.

### Easy to install and maintain

The Dreumex One2clean automatic dispenser is robust, strong and easy to maintain. The integrated LED-indication shows when the batteries are almost empty or when you have to replace them. Also, the pump is easy to replace and clean. All of this makes the Dreumex One2clean automatic dispenser easy to maintain.

### Save up to 85% on your operating costs

Choosing the Dreumex One2clean automatic dispenser saves you money each year. The dispensing system has a quantity control mechanism to guarantee effective use with always the right amount of soap for your needs. A delay in the dispenser ensures that it is impossible to take an unnecessary second dose immediately. In addition, there is no residue in the cartridge due an innovative pump and plunger.

# Go for clean and healthy hands

The Dreumex One2clean automatic dispenser is the perfect solution for clean and healthy hands. You can save up to 85% on your operating costs and you will receive a hygienic and user-friendly concept. Do you want to know how big the advantage is in your situation? Feel free to contact us.

Choose a small or large dose and view your possible savings in the table below.

### Superior Partner Support

Once you become our partner, one of our experts is appointed as your dedicated advisor. He or she understands your markets and customers thoroughly and is eager to explore new business opportunities with you.

### Extensive Business Development

Acquiring new customers can be a challenging and time-consuming task. To get the most out of our partnership, your Dreumex advisor can help you develop plans. We offer various types of support, tailored to your customer base and their specific hygiene and cleaning needs. For instance, joint visits to your most valuable customers can be organised.

### Premium Marketing Support

Adding new product ranges to your portfolio is an extensive task. We make it as easy as possible for you to add our products to your systems and e-commerce environment. We provide our partners with optimised and ready-to-use (online) marketing materials. Such as product information, photos, videos, banners and samples.
