About Dreumex

Dreumex 70 years of experience, research and innovation

At Dreumex we believe hygiene and cleanliness are vital for all businesses and public spaces – now even more than ever. We are determined to contribute to our customers' health and help prevent the spread of diseases. That's why our company has been developing and manufacturing heavy-duty hand cleansing, industrial cleaning and disinfecting products for over 70 years.

In industries such as automotive, manufacturing, construction and agriculture, hands face strong dirt and aggressive substances on a daily basis. This can lead to dry skin, damage, pain and even permanent skin diseases. It is therefore essential to properly protect, clean and care for hands! Dreumex offers innovative solutions to help do just that.

Automotive

Dreumex One2clean

Total concept for clean and healthy hands

In today's society, hygiene is vital, especially when it comes to hand care. Dreumex One2clean dispensing system is an innovative system that offers you the perfect solution for clean and healthy hands. This system takes hand hygiene to the next level, while at the same time significantly reducing your operational costs.

- Total concept for protect, clean and care
- Unique touch-free dispenser for optimum hygiene
- Automatic dosing guarantees efficient use: 85% cost savings
- Small and large dosage for light and heavy duty soiling
- Easy to install and maintain

Optimum hygiene with touch-free dispenser

This touch-free dispenser is unique in the world of the dirtiest hands. The Dreumex One2clean dispenser is fully automatic and activated by an infrared sensor. You don't have to touch anything. Choose a small or large dose and view your possible savings in the table below.

Easy to install and maintain

The Dreumex One2clean automatic dispenser is robust, strong and easy to maintain. The integrated LED-indication shows when the batteries are almost empty or when you have to replace them. Also, the pump is easy to replace and clean.

Save up to 85% on your operating costs

The dispensing system has a quantity control mechanism to guarantee effective use with always the right amount of soap for your needs. A delay in the dispenser ensures that it is impossible to take an unnecessary second dose immediately. In addition, there is no residue in the cartridge due an innovative pump and plunger.

	Standard bucket/dispenser	Dreumex One2clean automatic dispenser 3 ml	Dreumex One2clean automatic dispenser 5 ml	Dreumex One2clean automatic dispenser 3 ml	Dreumex One2clean automatic dispenser 5 ml
	Average consumption per washing			Your savings	
Bucket	20 ml	3 ml	5 ml	85%	75%
Bucket with pump	12 ml	3 ml	5 ml	75%	58%
Manual dispenser	10 ml	3 ml	5 ml	70%	50%

All Dreumex hand cleaners are solvent-free.

The ECARF Seal of Quality has been awarded to allergen free products and services since 2006.

Superior Partner Support

Once you become our partner, one of our experts is appointed as your dedicated advisor. He or she understands your markets and customers thoroughly and is eager to explore new business opportunities with you.

Extensive Business Development

Acquiring new customers can be a challenging and time-consuming task. To get the most out of our partnership, your Dreumex advisor can help you develop plans. We offer various types of support, tailored to your customer base and their specific hygiene and cleaning needs. For instance, joint visits to your most valuable customers can be organised.

Premium Marketing Support

Adding new product ranges to your portfolio is an extensive task. We make it as easy as possible for you to add our products to your systems and e-commerce environment. We provide our partners with optimised and ready-to-use (online) marketing materials. Such as product information, photos, videos, banners and samples.
