Dreumex Special hand cleaner
Easy and effective cleansing

Easy and effective cleansing

Removes dirt easily

In automotive, construction and industrial sectors, you deal with different types of dirt that end up on your hands every day. Taking good care of your hands is essential for doing your job. After months of development and extensive testing, incorporating valuable feedback from customers and users, we proudly present the new and improved Dreumex Special hand cleaner.

Improved cleaning
98% of testers rated the new Dreumex Special with 'clean' and 'very clean'*

Skin friendly

- Lower pH value and extra caring ingredients protect the skin
- Rated 'excellent' in the dermatological test
- Solvent-free

Better rinse-off
 Rinses off much easier, leaving hands and sink clean

Sustainable

- The scrubbers are made from corn cobs, a by-product from maize farmers
- The scrubbers are 100% natural, biodegradable, of organic origin and not genetically modified
- All ingredients of the new Dreumex Special are sourced from Europe

*Tested by Dreumex in Feb/March 2023 among 72 users of existing end customers who buy Dreumex Special.
