The new standard in disinfecting

Spray bottles, paper towels, and dishcloths are things of the past. Dreumex Disinfecting Wipes can be used instantly, which makes disinfecting more efficient than ever before. The Dreumex Disinfecting Wipes save time, prevent unnecessarily paper use, and provide an optimal disinfecting effectiveness.

Outstanding microbiocidal performance

The Dreumex Disinfecting Wipes are very effective to control the spread of germs. The wipes are designed for everyday disinfecting and provide high performance against bacteria, yeast and enveloped viruses. 99,99% of the bacteria* are killed!

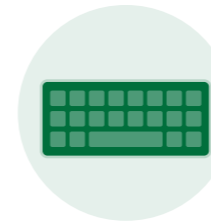

Safe and effective on surface and equipment

Dreumex Disinfecting Wipes contain a mixture of three different working quats (disinfectant ingredients). The right balance of ingredients is used to guarantee effectiveness but still protect surface and equipment. No bleach, alcohol, aldehyde, chlorine, VOC, or other aggressive ingredients are used. This way, there is no risk of damaging or discoloring materials.
