Monk[®] Mechanics Hand Cleaner Towels

Removes grease, oil, ink, paint, dirt and grime

- Multi-purpose cleaning—removes grease, oil, ink, paint, dirt, grime and more
- Heavy-duty towels grab and hold grease and grime—30% stronger than traditional towels
- Economical, pre-moistened wipes are disposable and do not require rinsing after use
- Large towels reduce the need for several wipes—accomplish more per wipe
- Formulated with orange oil for superior cleaning and moisturizers for superior skin care

Usage

- Hands, arms and neck
- Hand tools and toolboxes
- Automotive parts
- Equipment
- Workshop cabinets and benches and more

Often used as heavy-duty hand wipes or tool wipes, our Monk[®] Mechanics Hand Cleaner Towels is found in automotive garages, body shops and workshops. They can be used to remove dirt between hand washings or degrease tools throughout the workday. Each canister includes a pre-moistened roll of heavy-duty disposable towels that is saturated with a superior cleaning solution formulated with orange oil. Just thread the first wipe carefully through the dispenser and you're ready to go! When you choose Monk[®] Mechanics Hand Cleaner Towels by Dreumex, you're choosing a trusted, reliable name in the cleaning industry.

72 ct. Wall Bracket

Monk[®] Mechanics Hand Cleaner Towels can be mounted in multiple locations using the Wall Bracket. It attaches with 2 screws and holds the canister tightly, making it easy for even the dirtiest hands to pull a wipe. Article no. 99900723001
