Disinfect surfaces easily and effectively

Wipe out germs – simply and easily

# Disinfecting Wipes

Hygiene and cleanliness is vital for all businesses and public spaces. Nothing is more important than the health and safety of your staff, visitors, customers, colleagues and clients. Dreumex Disinfecting Wipes offer you and your business the highest standards of hygiene.

A fast, effective solution for the hospitality sector, sport & health facilities, offices, retail and food industry. Our wipes quickly disinfect high contact surfaces such as door handles, bannisters, touch-screens, desks, tables, keyboards and equipment. All harbour germs and require regular disinfection to protect the health of you and your customers.

## Why Dreumex Disinfecting Wipes?

- Effective disinfecting against Coronavirus (COVID-19), Staph, E. coli, Salmonella, Norovirus and much more!
- Ideal for quickly disinfecting reception and waiting areas, offices, hotels, restaurants, cafes, swimming pools, gyms, fitness and other sport related facilities
- Perfect wipe for disinfecting all contact surfaces such as touch screens, door handles, buttons of payment systems, vending machines etc.
- Designed with the protection of your business in mind.
- Does not contain bleach, alcohol, chlorine, aldehyde or VOC, making it safe on hard non-porous surfaces and equipment
- These extra-strong non-woven wipes absorb and disinfect. Eliminates odors and freshens on contact
- No gloves required
- Safe to use around food areas and children

## Standard spray and cloth approach

- Time-consuming: disinfectant must be diluted, spray bottles need to be refilled
- Spray bottles and paper towels can be used incorrectly
- Dilution of disinfectant may negatively affect effectiveness
- Excess spraying may damage equipment and control panels
- Unnecessarily high paper consumption
- Releases harmful chemicals

## The Dreumex Difference

- Ready to use
- Always the right dose
- Safe and effective on hard non-porous surfaces
- Completely disposable
- Wipes can be stored in a fixed dispenser for easy access
- Minimises mess – no excess liquid and/or paper
- No risk of incorrect use

## Disinfecting wipes

# Serious disinfection

At Dreumex we've been serious about hygiene for over 70 years. Our disinfecting wipes eliminate germs, viruses and bacteria in one swift move. They're easy to use and ideal for quick, effective and long lasting disinfection. Kind to surfaces but not to germs and viruses. The ultra-safe solution!

### New disinfection standard

Because they're versatile, practical and strong, our disinfecting wipes are much easier to use than a separate spray bottle and cloth, saving time and eventually paper. Ideal for use in reception and waiting areas, offices, hotels, restaurants, cafes, swimming pools, gyms, fitness and other sport related facilities. Additionally, our wipes are suitable for retail stores, schools, public spaces, nursing and care homes. You're able to disinfect without hassle, providing a maximum of disinfecting effectiveness.

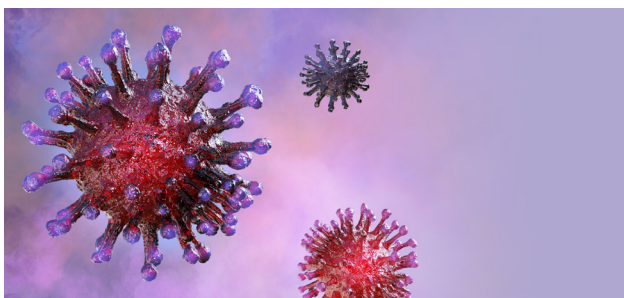

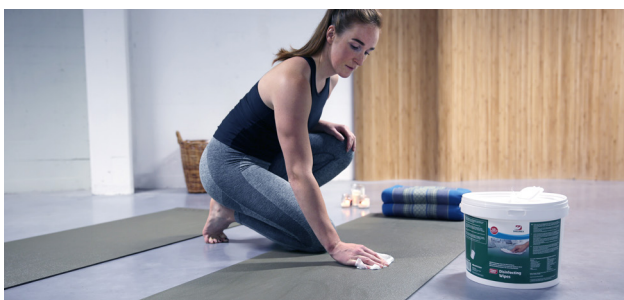

### Wipe out germs and worries

Whether you're concerned with keeping employees, customers, clients or colleagues safe, Dreumex Disinfecting Wipes are designed for everyday disinfecting and provide high performance against bacteria, yeast and enveloped viruses. 99,99% of the bacteria\* are killed, which makes them perfect for wiping down handles, desks, tables, hand rails, control panels etc. You can use them anywhere you need to prevent the spread of germs and viruses.

### Safe for surfaces and equipment

Our disinfecting wipes don't contain bleach, chlorine, alcohol, aldehyde, VOC or any harsh chemicals, so nothing that interferes with or is harmful to surfaces and equipment. At the same time, because of a perfected balance of ingredients, we're able to offer effective protection against Coronavirus, E.coli, Salmonella, Norovirus and germs in general. One wipe and all surfaces are left clinically clean without adverse effects like stains or discolouration.
