“Gym Equipment is dirtier than a public toilet seat”

Exercise bikes contain **39 times** more bacteria than a plastic reusable cafeteria tray

Free weights contain **362 times** more bacteria than a toilet seat

Treadmills contain **74 times** more bacteria than a water faucet

Research has shown that Staph, E.coli and Salmonella are the most common gym bacteria. These bacteria can cause food poisoning, enteric infections or skin infections to your members. Keep your members fit and healthy and use Dreumex Disinfection Wipes on your gym equipment.

Kill claims

Bacteria: Escherichia coli (E.coli), Staphylococcus aureus (Staph), Enterococcus hirae, Pseudomonas aeruginosa, Listeria monocytogenes, Salmonella typhimurium, Salmonella choleraesuis

Norms: EN1276, EN13697, EN1650, EN13727, EN13624, EN14476, EN14561, EN14562

The new standard in disinfecting

Spray bottles are no longer required. Dreumex Disinfecting Wipes are ready-made and makes disinfecting your equipment more convenient than ever before. Dreumex Disinfecting Wipes saves time, prevent unnecessarily high paper consumption and there is no risk of incorrect use.

Outstanding microbiocidal performance

Tackle quick cleaning touch-ups and help stop the spread of germs with Dreumex Disinfecting Wipes. These strong wipes are designed for everyday disinfecting and provides high performance against bacteria, yeast and enveloped viruses (Vaccinia virus, BVDV, Murine Norovirus).

Safe and effective on equipment

Dreumex Disinfecting Wipes contains a mixture of three different quats. This means that no bleach, alcohol, aldehyde, chlorine or VOC is used. The wipes contains the right amount of active ingredients to be effective and are always safe for your equipment. So, there is no risk of damaging or discolouring.

Dreumex Disinfecting Wipes VS Spray and towels

- Ready to use
- Safe and effective on equipment
- Completely disposable
- Wipes can be stored in a fixed dispenser
- Minimizing messes
- No risk of incorrect use

- Time-consuming: more actions are required. Disinfectant must be diluted, spray bottles need to be refilled.
- Excess spraying can damage equipment and control panels
- Unnecessarily high paper consumption
- Spray bottles are full of bacteria: everyone touches it
- Spray bottles and paper towels can be used incorrectly or stolen

Above facts highlight how important it is to keep your gym hygienic. Dreumex Disinfecting Wipes are the perfect solution. You will receive a convenient and high performance concept to keep your gym hygienic and your members fit and healthy.
