Company Overview

Dreumex was founded in the village of Dreumel, the Netherlands. Our journey started with the production of hand cleansing products for automotive and construction industries. Over the years we developed a broader range of products, such as industrial cleaners, disinfectants, washroom products and wipes.

Dreumex USA, Inc. merged with Gent-L-Kleen Products in York, Pennsylvania, allowing Dreumex to expand its industry reach with disinfectant wipes and hand cleaner wipes. Dreumex is a recognized leader in commercial, fitness, healthcare, and industrial markets.

Serious hygiene.

Dreumex supports personal and public health with advanced cleaning and disinfecting solutions that promote hygiene and combat the spread of disease.

Why we are serious about hygiene.

At Dreumex, we believe hygiene and cleanliness are vital for all businesses and public spaces. We are determined to contribute to our customers' health and help prevent the spread of diseases. Our company has been developing and manufacturing heavy-duty hand cleansing, industrial cleaning and disinfecting products for over 70 years.

When it comes to hygiene and cleaning solutions, we like to be the first to tread the path and see it as our duty to lead the way. Over the past decades, we have seen the world and the needs of our customers change. Personal and public hygiene have become major priorities in public spaces and the workplace. With our own R&D team, we continuously invest in developing innovative hygiene solutions. We aim at meeting the needs of our customers even before they arise.

Our cutting-edge products are used in companies around the world, in a wide variety of markets where health and cleanliness are crucial. We take pride in being able to say that our products enable countless professionals to do their jobs in a safe and responsible way. That's why we will never stop innovating.

Private Labeling & Contract Manufacturing

Dreumex understands small businesses and wants to help you grow through private labeling and contract manufacturing options.

If you are thinking of launching a product or introducing a new packaging style to your portfolio, Dreumex is your trusted partner. For over 70 years, we've been building our brand globally and working closely with businesses just as serious about hygiene as we are.

If you have an idea for a new product or packaging style, don't hesitate to reach out and discuss it with a Dreumex representative. Whether you're looking for a cleaning wet wipe or disinfecting wipe, we can discuss your project. Our facility is EPA registered, and we offer several formulas to meet your needs.

We understand the value of your brand.

We know the passion and dedication it takes to create a brand that will leave a lasting impression on your customers. From choosing a product and designing a label to producing the product and shipping, Dreumex agrees that your name is the most important thing you own. We're here to support you in creating a future for your company through name and brand recognition.

We grow with you.

We have the capabilities to start with smaller orders for soft launches and sample distribution, with additional capacity as the demand increases. Also, our private labeling service allows you to go to market quicker and with more confidence. By partnering with Dreumex, you benefit from our efficient processes, fast turnaround time, and proven success.

We educate so you can too.

At Dreumex, we educate you on all the ins and outs of our products. We empower your team to grow as experts in the industry and create meaningful sales and marketing tools for your business.
